

## Partnering for Success *Compass Remediation Instruction*

Partnering for Success is an effort to serve high school youth in basic skill and secondary level coursework. The following will be offered under this initiative:

- Opportunities for COMPASS assessment along with remediation and/or preparation coursework at all Western campuses. (See below.)
- Credit recovery courses for students in cooperation with their home school district at the Tomah, Mauston, and La Crosse Campuses.

Students will be able to access these services through a formal contracting protocol between their high school and Western. **High schools who have not yet completed the annual contract with Western may call 608-785-9474 to request contracting forms.** Students from participating high schools may contact GOAL Program staff (see contact information below) for registration information for COMPASS remediation and/or COMPASS preparation.
