

**Western Student ID Conflict**

Our records show there is conflict between your Western student ID and social security number which then does not allow us to load important information from your student record into our financial aid system.

If you have already applied and been accepted for a program, please contact Financial Aid Resources and Planning Services at 608.785.9579 or [finaid@westernnc.edu](mailto:finaid@westernnc.edu) to ensure that the information provided on the Free Application for Federal Student Aid (FAFSA) is correct.

If you have not applied to a program at Western Technical College, please do so to clear up this conflict.
